The Okavango is a unique ecosystem, a river delta located in the middle of the world's largest stretch of continuous sand – the Kalahari basin. An oasis in an otherwise arid and inhospitable landscape, the Okavango Delta supports an incredible diversity of animal and birdlife. Where land and water meet, a mosaic of pans, grasslands, forests and lagoons provides an extremely varied range of habitats which is home to one of Africa's greatest concentrations of wildlife.

The Okavango is one of the natural wonders of the world, a still-pristine yet fragile ecosystem that richly rewards exploration.

The Moremi Game Reserve lies in the eastern corner of the Okavango Delta. One of the most beautiful and diverse of all the great game reserves of Africa, it protects both huge concentrations of wildlife and incredible scenery. The reserve consists of both seasonally-inundated areas such as Xakanaxa, and drier areas such as Khwai. On this safari, we will set out to reveal some of the secrets of this dynamic ecosystem.

DETAILED ITINERARY (Maun – Maun)

Day 1 & 2: Camping in the Xakanaxa/ 3rd bridge Area of the Moremi Game Reserve & Okavango Delta.

“Dumela / Hello! Welcome to Botswana!” We will be there to give you a warm Botswana welcome when you land at Maun Airport.

You will meet your pilot for your stunning light aircraft scenic flight over the Okavango Delta and Chief’s Island.

This flight gives you a fish eagle’s eye view of this amazing ecosystem.

When you land at your remote bush airstrip within the Moremi Game Reserve, your guide will provide you with a snack pack on arrival and will be waiting to transfer you to your mobile camp with a game drive en route.

The friendly, attentive staff will help you feel immediately at home and brief you on what to look forward to on your safari. The magic of a mobile camp becomes apparent as the sun sets and you enjoy drinks around the fire before a starlit dinner and a great night's rest after falling asleep to the sounds of the African bush.

Spending our first two nights camping in the Xakanaxa / Third Bridge area, we explore the surrounding wilderness on game drives during the day.

The Moremi Game Reserve protects around a third of the entire Okavango Delta ecosystem – some 5 000km² (1 930 square miles).

Day 3 & 4 & 5: Camping in the Khwai Area of Moremi Game Reserve

Following an early breakfast, we pack up the camp and continue our journey to Khwai, stopping for a bush picnic lunch en route. The Khwai River forms the boundary between the reserve and the local Khwai Community Area. We spend the next three nights camping at a campsite in the Khwai area, exploring the Khwai floodplains on game drives. You will also experience a 2½-hour mokoro trip, discovering channels and lagoons at a relaxed pace in a traditional dug-out canoe.

Day 6: End Maun

Following breakfast we head back to Maun where a picnic lunch will be served en-route. You will be dropped in Maun around noon – 1pm for your onwards arrangements.

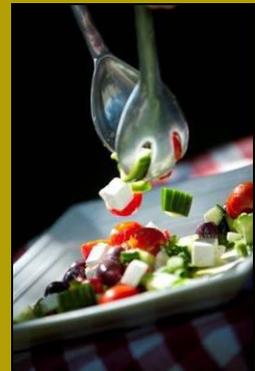

A TYPICAL DAY ON SAFARI

The safari day starts as the sun rises. Your wake-up call will be between 5am and 6am - a gentle “koko” (knock-knock in Setswana) at the entrance to your tent. A camp assistant will be on hand to fill your wash basin with steaming hot water, and freshly made tea and coffee will be served around the campfire.

Before the early morning game drive, a light breakfast will be offered. This will include tea, plunger coffee, juice, rusks, fruit, cereal, toast and jams – just enough to boost your energy without using up too much of the golden hours of early morning, which is one of the best times of the day to see animals.

Later on, as the temperature rises, many of them will retreat to the shade before becoming active again in the late afternoon.

Having spent the morning exploring the surrounding wilderness in search of Botswana’s hidden treasures, you will return to camp for lunch under a shady tree (if the elephants have not pushed them all over!).

Lunch typically consists of salads, bread (freshly baked over the campfire), cold meats and pickles. Just as the animals retreat to escape the heat of midday, we recommend that you do too.

This is your chance to catch up on your reading, write about your adventures in your journal, take a siesta – or all three!

Later in the afternoon you will head out into the wilderness once more as the animals begin to feed and drink again. As the sun dips below the horizon, marvel at the sheer splendour of an African sunset and toast the beauty of Nature. This is best done with the traditional sundowner choice: a G&T.

On your return to camp, enjoy a starlit hot shower and then gather around the warmth of the campfire to relive the day's events with your fellow adventurers.

A three-course dinner accompanied by South African wines is served beneath the magical canopy of the African night sky. Listen carefully and you may hear lions roaring, hyenas whooping – or smaller creatures rustling in the leaves nearby...

We can confidently say that Botswana beef is the best in the world – and our slow-cooked potjie is just as delicious. And that's before we even mention our mouth-watering desserts!

Retreating to the comfort of your tent after enjoying a nightcap around the campfire and fall asleep to the calls of the African wild. Good night and sleep tight!

On days when we move to a new campsite, the safari team will strike the camp, then travel to the next campsite and prepare everything for us.

When travelling between campsites, we choose routes through wildlife areas wherever possible which means that each transfer is really an extended game drive. A picnic lunch will be served at a suitably scenic spot en route.
